SESSION SUMMARY

SESSION: 3 AUGUST 1987, 0819-0920hrs

An event, that takes place sometime during the first part of September brings five nations or countries together. Where there was once hidden support, will become more open. The underlying reason seems to one of economics. The presence of a large ship (AOL-USS ENTERPRISE) is also noted.

In October, perceive a blazing fire that is out of control. I was unable to determine whether it was at sea, or on land. It could be seen for miles.
